REASONS FOR ALLOWANCE

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on **11.23.2009** has been entered.

Acknowledgements

2. Applicants' amendment filed on **11.23.2009** has been entered and are persuasive.

Examiner's Statement of reason for Allowance

3. The following is an examiner's statement of reasons for allowance:

The most relevant reference is the Bennett et al. **US 7,117,170** reference. Bennett discloses a single particular billing method selected by each of a plurality of users, in response to each particular user's request, a set of billing method rules for each carrier of a plurality of carriers and determines whether or not each carrier of the

plurality of carriers supports the shipper's specified preferred billing method, and if so, any special pricing considerations for each particular Carrier [abstract].

Bennett neither anticipates or fairly and reasonably teaches as to "accessing at least one web page of a broker by inputting a broker network address, accessing broker information, at the supplier, using the broker network address to retrieve broker information from a broker information database, and a relationship in which a user inputs a broker network address to access a broker web page, and that same broker network address is subsequently sent to and used by a supplier to retrieve broker information from a broker information database".

Thus, the combination of claimed features is not disclosed in a reasonable manner.

The cited but not applied NPL document art: Business Wire, *Sensormatic Selects Trilogy's SC Commission for Dynamic Sales Compensation Management*, June 8, 1999.

However, Business neither anticipates or fairly and reasonably teaches as to "accessing at least one web page of a broker by inputting a broker network address, accessing broker information, at the supplier, using the broker network address to retrieve broker information from a broker information database, and a relationship in which a user inputs a broker network address to access a broker web page, and that same broker network address is subsequently sent to and used by a supplier to retrieve broker information from a broker information database".

Thus, the combination of claimed features is not disclosed in a reasonable manner.

For this reason, **claims 1, 54, and 56** are deemed to be allowable over prior art of record and **claims 2, 3, 7, 8, 12-14, 16, 53, 57 and 58** are allowed by dependency.

Any comments considered necessary by the applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reason for Allowance".
